

STAFF

Deliver an excellent Jewish and secular education, nurturing and inspiring students to live a fulfilling and enriched life committed to Jewish values and action

CONTINUOUS IMPROVEMENT

Through an on-going process of evaluation and reflection at all levels (students, staff, families and community) continually develop and improve its learning community.

LEARNING ENVIRONMENT

- Create a model society in which different learning styles, individually tailored, will energise, engage and excite each student.
- Employ a range of learning styles, from peer focussed to teacher focussed in both formal and informal ways to range from text study to experience based study.
- Embed Jewish values and language in its culture with a celebration of diversity.
- Jewish values and actions will be integrated into JCoSS's learning and will encourage learners to become leaders within and beyond its learning environment.

COMMUNITY

- Creatively benefit from, and contribute to, the community – Jewish, local, family and world. Students and school will be part of, and be held in high regard by the local and wider community.
- Be inclusive – irrespective of affiliation/ability.
- Encourage access for parents as educators, for their own education and to support them to support their children by sharing experiences.
- Offer opportunities for prayer in a meaningful and spiritual way.
- Be aware of, contribute to, and share positive experiences with Israel and the Diaspora.
